CLEMONS REAL ESTATE LLC

Nathan joined Clemons Real Estate in 2020 and focuses on multi-family and investment sales. His approach is centered around building relationships, understanding the clients' goals and investment criteria, and sharing his knowledge/expertise. Nathan's focus on the financial model allows him to advise clients through assessing the value of investment opportunities. Attending real estate events, reading, and participating in real estate organizations has helped Nathan become a knowledgeable professional at Clemons.

Prior to joining Clemons, Nathan worked with eXp Realty where he specialized in assisting real estate investors in acquiring and selling properties. Nathan also helped students/alumni tailor their resumes and cover letters as a Peer Career Coach in the UMKC Career Service office. His aspirations in real estate came after reading Rich Dad Poor Dad, the famous purple book written by Robert T. Kiyosaki. The idea of becoming wealthy through owning income-producing assets was a no-brainer for Nathan. He believes that real estate is the best asset class out there for building wealth and passive income.

Nathan graduated from the University of Missouri - Kansas City (UMKC) in 2020 with a degree in Business Administration with an emphasis in Real Estate and a minor in Economics. While at the University, Nathan was the President of The Lewis White Real Estate Club, an organization created to foster networking, learning, and to create a venue for employment opportunities. He was also involved in Enactus, Delta Sigma Pi (Professional Fraternity), and Sigma Phi Epsilon (Social Fraternity). Outside of real estate, Nathan enjoys reading, traveling, hiking, playing basketball, and attending local events.
